A Child's World Learning Center Combating Cold and Flu Season with Innovative Technology

CLEMMONS, NC – (Feb. 18, 2016) – A Child's World Learning Center (ACWLC), a five-star early education and care center in Bermuda Run, N.C., has been reducing illnesses by up to 30% at their school in an innovative way.

The school uses the ZONO sanitech machine, an eco-friendly solution for sanitizing based on technology used in the medical and device manufacturing and food processing industries. The machine kills 99.9% of common bacteria and 99.99% of common viruses on fabric, wood, metal, plastic, paper, leather, and glass. With the ZONO, teachers sanitize items throughout the day, without interfering with their teaching duties. Each ZONO cycle takes only half an hour and leaves no residue or damage on items.

“With the risk of spreading communicable diseases high in our industry, especially during this time of year, we are thrilled to be able to reduce the amount of illnesses at our school by using this innovative technology,” said Kaci Baez, Marketing and Communications Director.

For more information on the ZONO, please visit zonosanitech.com.

About A Child's World Learning Centers

For more than two decades A Child's World Learning Centers, winner of the 2015 Triad Moms on Main Choice Award for Favorite Child Care Facility in the Winston-Salem area, have provided exceptional care, love and education to more than 6,000 area children. The schools have earned a reputation as trusted and nurturing caregivers who develop life-long learners and a foundation for a positive self-image. With four North Carolina locations in Downtown Winston-Salem, South Winston-Salem, Bermuda Run and Clemmons, the schools are the largest independently owned and operated child care facilities in the greater Winston-Salem area.
